

BERG FLATGROUND ELITE

Perfect integration, Perfect jump

- The BERG FlatGround Elite is level with the grass. It looks discrete and is easy to access
- The BERG FlatGround Elite is equipped with the unique BERG AirFlow jumping mat. It provides 50% more air permeation, enabling you to make even better jumps
- The BERG FlatGround Elite is very quiet due to the straps in the protective edge. This reduces the noise level between spring and protective edge. This prevents the protective edge from making a rattling noise against the frame
- The extra wide protective edge has a longer service life due to the weatherproof PVC material
- The patented frame is easy to assemble and install

FlatGround trampoline hole dimensions

	Trampoline size		Hole dimensions		Depth		Volume
	Centimeter	Feet	Centimeter	Feet	Centimeter	Feet	Cubic meters
	330 cm	11"	330 cm	10' 10"	A. 85 cm	2' 10"	5 m ³
	380 cm	12.5"	380 cm	12' 6"	A. 85 cm	2' 10"	7 m ³
