## WHY A GRAND CHAMPION?

*Choose the unbeaten Champion!*

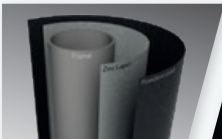

The BERG Grand Champion has been developed with great attention and care. This resulted in a qualitative excellent trampoline, which is safe to use. It does not matter which one you choose, you choose quality with a BERG Grand Champion. The BERG Grand Champion is cleverly designed for long and safe jumping. The combination of the TwinSpring Gold springs and the AirFlow jumping technique ensures less air resistance, a larger jump area and more jumping fun!

In this productsheet you can find information about:

1. The oval shape
2. The protective edge
3. The jump mat
4. The springs
5. The frame
6. The Safety Net Deluxe
7. The Safety Net DLX XL

### WARRANTY

Frame: 13 years\*

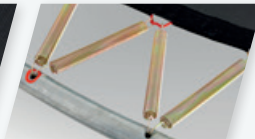

Protective edge: 2 years

Jumping mat: 2 years

Springs: 5 years

\* On registration at [bergtoys.com/registration](http://bergtoys.com/registration)

In this productsheet: Model, size and colour subject to change. Printing and typesetting errors reserved.

**BERGTOYS.COM**

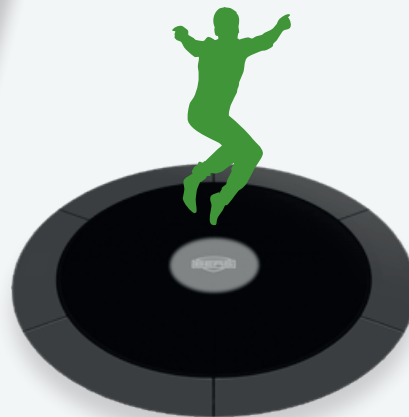

## 1. THE OVAL SHAPE

The oval shape combines the efficient strength of a round frame with the large jumping surface of a rectangular trampoline. On an oval trampoline you can make some nice jumps over the entire length.

Strength

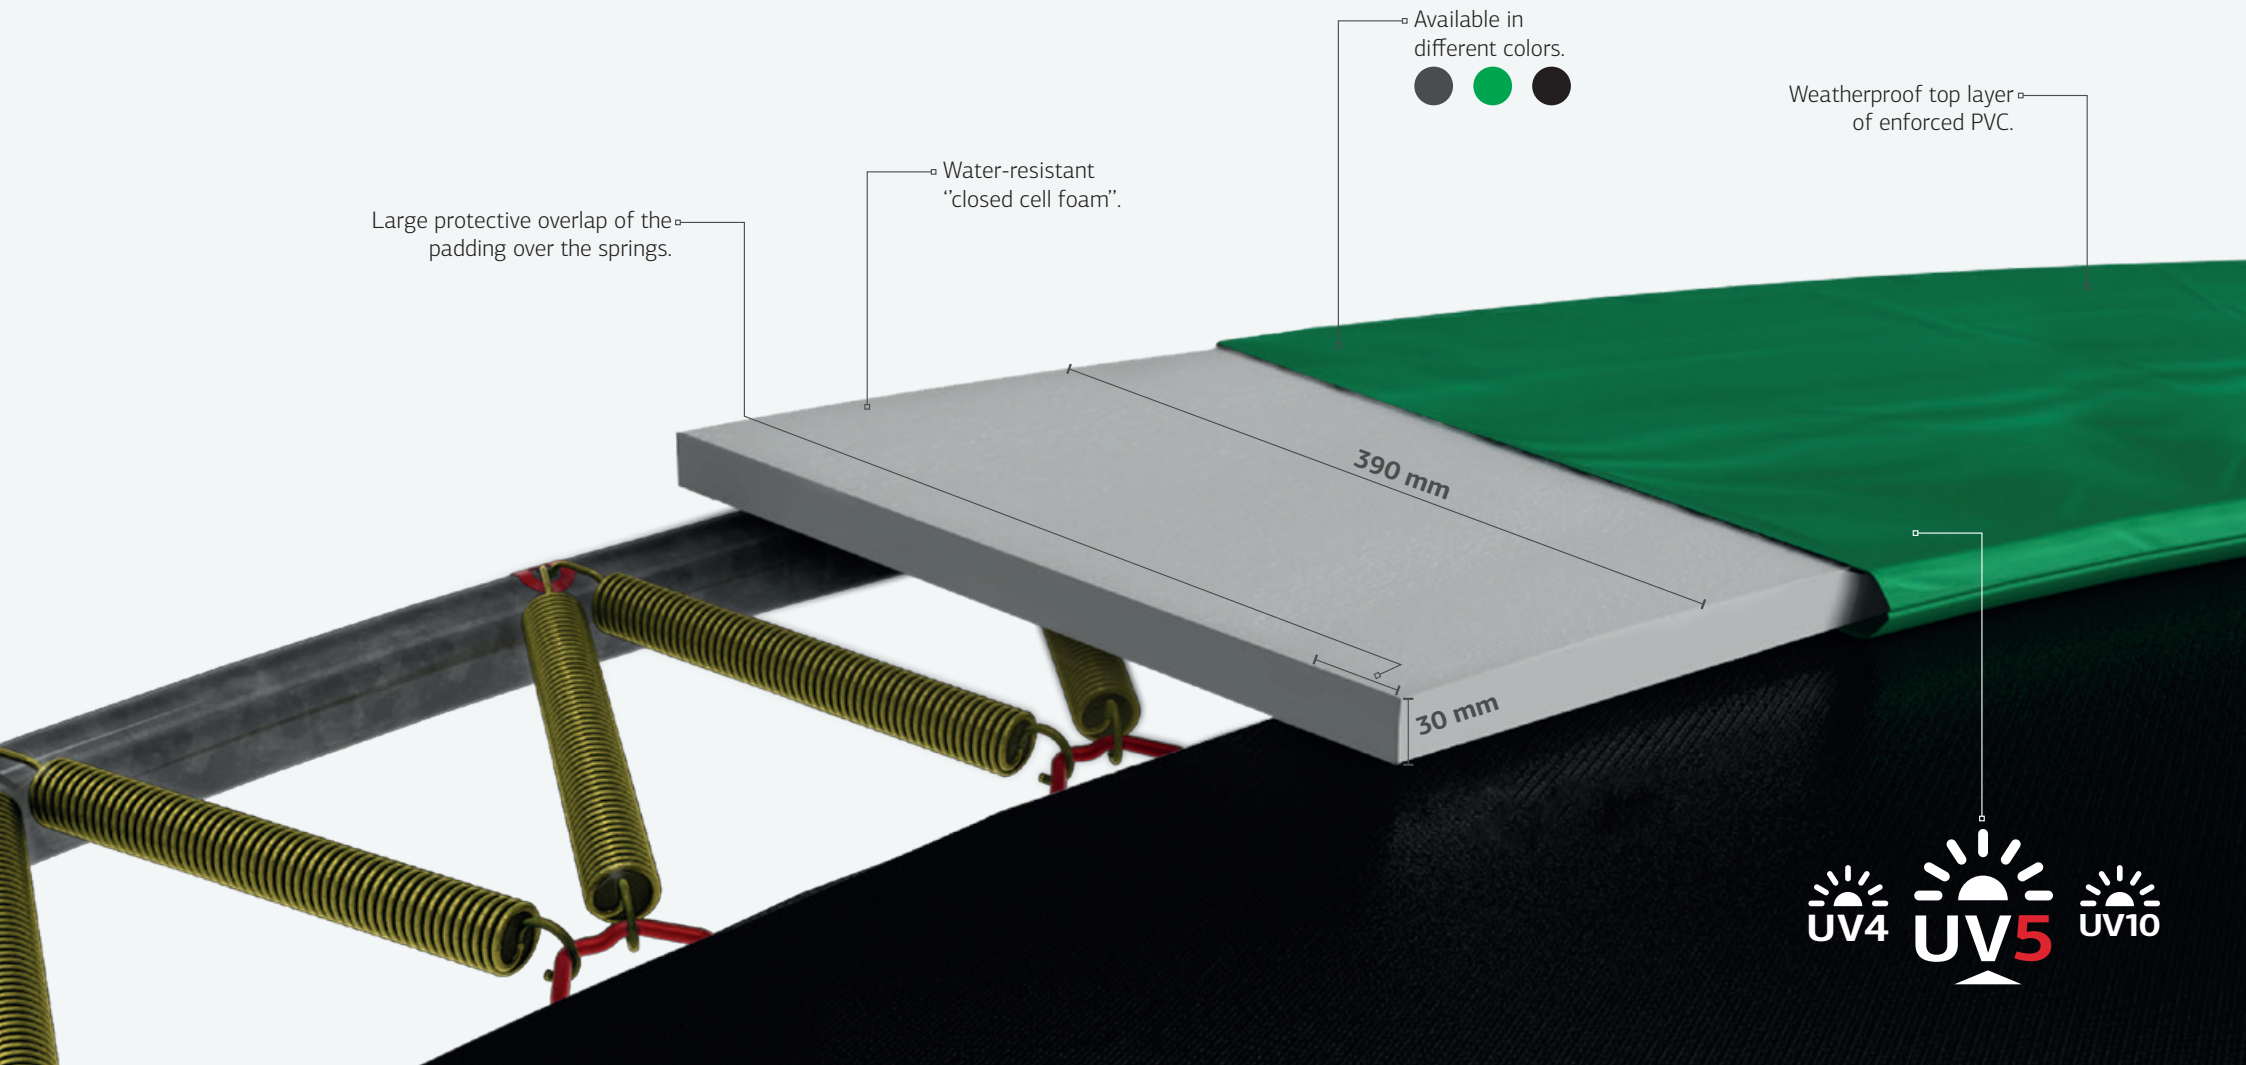

Perfect Jump Area

## 2. PROTECTIVE EDGE

### 3. AIRFLOW

Higher jumps mean more fun. We have developed the AirFlow technique to enable you to make higher jumps. This jumping mat allows 50% more air permeation compared with a standard jumping mat. Good AirFlow ensures less resistance while jumping, which is why you can make higher jumps.

The durable AirFlow jump mat is made from woven polypropylene. The jump mat contains special spring-eyes for the TwinSpring system. The loops for the strong metal spring eyes are thoroughly joined to the jump mat with no less than 8 rows of stitching.

POWERED BY  
**AIRFLOW**  
& TWINSRING

The AirFlow product innovation is only available on the BERG Champion and BERG Elite lines.

50% more air permeation for better jumping comfort.

**AIRFLOW**  
Higher & more flexible jumping.

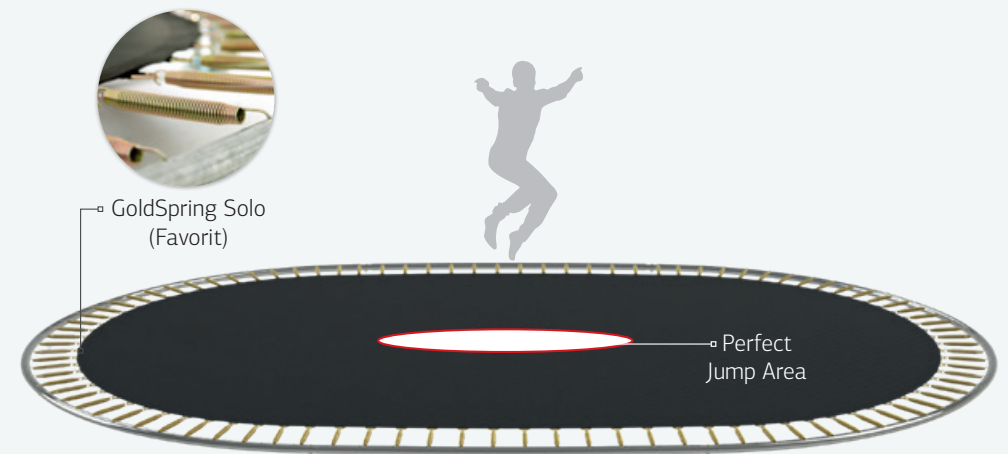

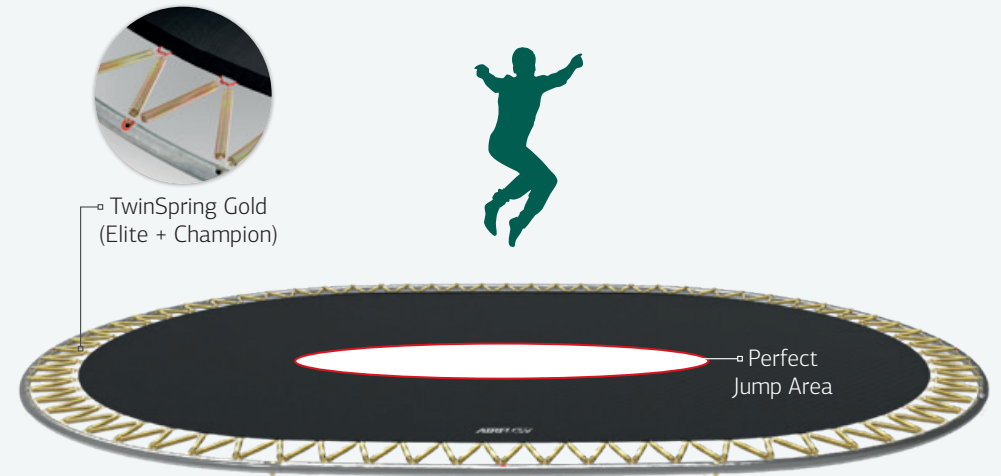

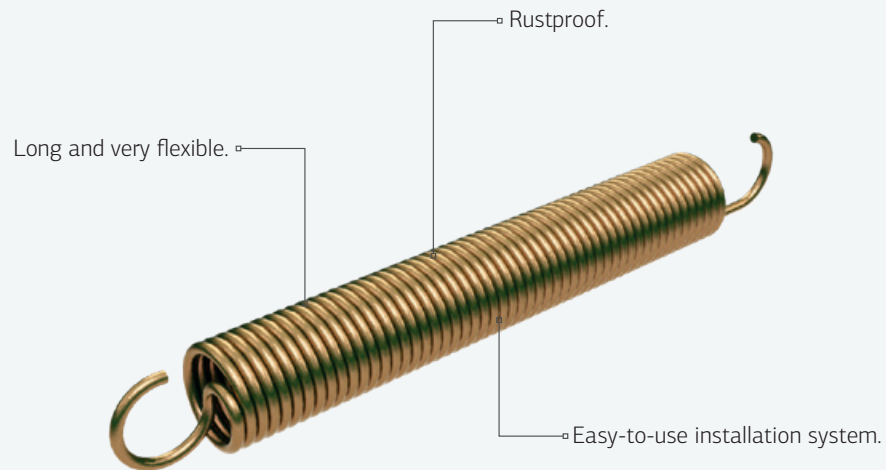

## 4. TWINSPRING GOLD

The perfect jump area is that optimal part of the jump mat which results in the best jump experience. Jumping outside of this area results in a sense of feeling as if you are being pushed towards the inner part of the trampoline. Trampolines comprising of TwinSpring Gold Springs are mounted in the shape of a "V". This allows for larger perfect jump area compared to trampolines that are sold with a conventional spring.

Another advantage? Due to the angled positioning of the TwinSpring Gold, the springs are longer in length without compromising the size of the jump mat. This results in a safer trampoline that optimizes playing pleasure!

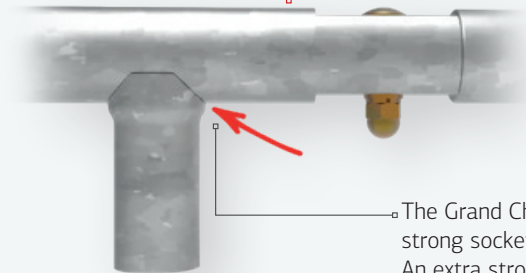

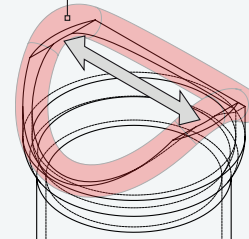

## 5. FRAME

The Grand Champion has a solid frame of strong tubes with a substantial tube thickness. The frame is highly rust-resistant caused by the special double coating on the tube. The tubes are first provided with a durable zinc-layer and then covered with a beautiful black powder coating layer. The frame is easy to assemble.

48 mm.

The Grand Champion has a strong socket of Ø48 mm\*. An extra strong weld seam is used for this socket.

\* Except for the Grand Champion 350.

## 6. SAFETY NET DELUXE

Thanks to the reinforced upper edge (made of fibreglass poles), the Safety Net is always nice and taut.

Foam padding around the Safety Net poles provides extra protection.

Extremely safe, self-closing entrance with distinctive trim.

The top caps of this trampoline connect the hoop to the poles. The caps have an easy click system and are therefore easy to attach.\*

The curved poles provide extra safety by creating distance between the Safety Net and the pole.

Having the net attached to the outer edge of the padding creates a larger jumping surface.

High-quality, dimensionally stable netting that feels soft to the touch.

The poles are equipped with solid clamps that are easy to assemble.

The Safety Net is extra safe and easy to use by leaving space between the edge of the net and the edge of the trampoline, for easy access to the trampoline.

\* This new top cap can be used for the old and the new Safety Net Deluxe.

## 7. SAFETY NET DLX XL\*

The Safety Net Deluxe XL is extra high (220 cm). This makes the net extra safe. The high opening makes it easy to access the trampoline.

**22% XL**  
**HIGHER & SAFER**

The pole sleeve has a long split that can be closed with a strip of Velcro.

Extra safe due to the thick layer of foam around the Safety Net poles.

The poles are equipped with sturdy clamps that are easy to assemble.

Thanks to the reinforced upper edge (made of fibreglass poles), the Safety Net is always nice and taut.

The top caps of this trampoline connect the hoop to the poles. The caps have an easy click system and are therefore easy to attach.

The robust, curved poles provide more space between the Safety Net and the pole and therefore provide extra safety.

High-quality, dimensionally stable netting that feels soft to the touch.

Extremely safe, self-closing entrance with distinctive trim.

Having the net attached to the outer edge of the padding creates a larger jumping surface.

The Safety Net is extra safe and easy to use by leaving space between the edge of the net and the edge of the trampoline, for easy access to the trampoline.

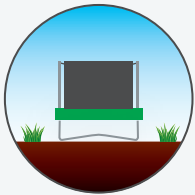

\* Only available on size 520.

## BERG GRAND CHAMPION

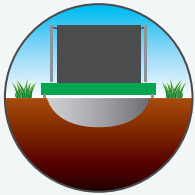

*Choose the unbeaten Champion!*

### BERG Regular + Safety Net ● ● ●

If you prefer not to dig a hole in your garden, a high trampoline is a good choice. A high trampoline is easy to install and move around. A high trampoline is also clearly visible in your garden.

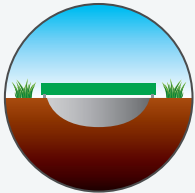

Ø 350 and Ø 470 not in black and grey

### BERG InGround + Safety Net ● ● ●

A sunken trampoline with a safety net has a low threshold, making it easy and safe to step onto. The InGround trampoline is less visible in the garden than a high trampoline.

Ø 350 and Ø 470 not in black and grey

### BERG InGround (Sports) ● ● ● **SPORTS**

The sunken trampoline without safety net (sports) is nicely concealed in your garden. The low threshold of 27 centimetres makes the trampoline easy and safe to step onto.

Ø 350 and Ø 470 not in black and grey
